A SPECIAL INVITATION FOR YOU

Please Join Us for a Powerful Event that just might Change Your Future

NOISE – Greenbelt, MD

Sat., February 25, 2017

9 a.m. – 5 p.m.

What if you were offered a chance to build a better future for you and your family, while helping other families to do the same, would you be interested?

If you answered, “yes,” you’ll want to attend First Financial Security’s NOISE event this month in your area. The day-long seminar is jam packed with financial education, an introduction to innovative financial products, and information about FFS’ empowering entrepreneurial opportunity.

Learn from FFS’ top field leaders, many of whom work in your area, FFS headquarters executives and representatives of FFS’ carrier partners all in one day, all in one room:

- Hear success stories about how our top leaders got started in the business and built their own successful, independent organizations.
- Gain insights into how you can break into the financial services industry, one of the growing and most lucrative segments of the U.S. economy.
- Listen to FFS’ empowering entrepreneurial opportunity presentation and discover how you, too, can build a successful business within our FFS business.

This exciting event is free and continental breakfast will be served. Join us to learn how you can take charge of your career and build a better financial future for your family.

See you there!

Let’s Make Some NOISE!

Andy Fiorenza
Director of National Training
